BORDETELLA (Kennel Cough) Agreement

LUCY'S DOGGY DAY CARE AND SPA follows the American Boarding Kennels Association recommendation requiring the Bordetella (Kennel Cough) vaccination annually. However, vaccinated canines are still susceptible to various strains of the virus. The vaccines for Bordetella only cover a few strains of the virus.

I understand that although my dog is vaccinated against Bordetella, it is not a guarantee that my dog will not contract some form of the virus. I also understand that although rare, Kennel Cough can evolve into more serious respiratory infections that may become critical, i.e. bronchopneumonia or chronic bronchitis. It is a heightened risk for puppies, senior dogs or immunocompromised dogs. I understand these risks and will not hold LUCY'S DOGGY DAYCARE AND SPA liable or responsible for any veterinary expenses.
